

Bin Jiang (M'00-SM'05-F'19) obtained Ph.D. degree in Automatic Control from Northeastern University, Shenyang, China, in 1995. He had ever been **postdoctoral fellow, research fellow and visiting professor in Singapore, France, USA and Canada**, respectively. Now he is a Chair Professor of Cheung Kong Scholar Program in Ministry of Education, and **Vice President in Nanjing University of Aeronautics and Astronautics, China**.

He currently serves as Associate Editor or Editorial Board Member for a number of journals such as the IEEE Transactions on Cybernetics, Journal of the Franklin Institute, Neurocomputing, International Journal of Control, Automation, and Systems, Journal of Astronautics, and Journal of Systems Engineering and Electronics.

He is an IEEE Fellow, a Fellow of Chinese Association of Automation, Chair of Control Systems Chapter in IEEE Nanjing Section, and a member of IFAC Technical Committee on Fault Detection, Supervision, and Safety of Technical Processes. His research interests include fault diagnosis and fault tolerant control and their applications in aircrafts, satellites and high-speed trains. He has been the principle investigator on several projects of National Natural Science Foundation of China.

He is the author of 8 books and over 300 referred international journal papers and conference papers. He won 2nd Class Award of National Natural Science of China in 2018.
