

Guang-Ya CHEN

Guang-Ya Chen is a professor of systems science at the Academia Sinica in Beijing. Chen is also the Editor-in-Chief of *Systems Engineering Theory and Practices* and the Associate Editor of *Acta Mathematica Scientia* and of the *Journal of Optimization Theory and Applications*.

Chen's research interests include multi-objective optimization, vector variational inequality, and network equilibrium theory and applications.

In 1995 Chen was awarded second place and in 2001 took home first place for the Natural Science Prize of Chinese Academy of Sciences. In 2000 Chen was awarded the Institute for Scientific Information Citation Classic Award.

Chen has published in several mathematical journals including *Lecture Notes in Economics and Mathematical Systems*, the *Journal of Mathematical Analysis and Applications*, the *Journal of Optimization Theory and Applications*, and *Mathematical Methods of Operations Research*.
