

Ervin LASZLO

Ervin Laszlo is a systems theorist and author.

Laszlo was among the first system's philosophers, being known for the theories of "General Evolution" and "The Macroshift." He also founded the Club of Budapest.

Laslo has authored more than 400 articles and 75 books, and is the editor of *World Futures: The Journal of General Evolution*.

Laszlo has been nominated twice for the Nobel Peace Prize, in 2004 and 2005, and he received the Goi Peace prize in 2001.
