

Robert VALLÉE

Robert Vallée is professor emeritus at the Université Paris-Nord. He is also President of the World Organization of Systems and Cybernetics as well as Honorary President of the French Association of Systemics and Cybernetics. He is a member of the editorial boards of *Kybernetes*, *Economies et Sociétés*, the *International Journal for Biological Systems, Cybernetics and Human Knowing*, *Grundlagenstudien aus Kybernetik und Geisteswissenschaft*, *Robotica*, and *Res-Systemica*.

Vallée is interested in information theory and has described a cybernetic creature covering the whole surface of the globe with its communication net. He is the founder of the Cercle d'Études Cybernétiques. He has introduced the concepts of observation operator, inverse transfer of structures, epistemo-praxiology, epsilon distribution, and the internal time of a system.

Vallée has authored more than 150 papers.
